

Cross border Doctoral Workshop

Prepare your professional career outside Academia

16, 17 and 18 June 2021 - ONLINE

The purpose of this cross border doctoral workshop is to prepare the participants for their **professional career outside Academia**. It is a multicultural, multidisciplinary and bilingual (French – English) workshop that brings together doctoral students from the University of Turin, the Western Swiss Universities (CUSO), the University of Brescia, the Genoa Italian Institute of Technology and the University of Lyon. Practical workshops, job interview-simulations and virtual meetings with company representatives await you.
